Nutritional information provided on this Site is based on Panera's standardized recipes, representative values provided by suppliers, analysis using industry standard software, published resources, and/or testing conducted in accredited laboratories, and are expressed in values based on federal rounding and other applicable regulations. A number of factors may affect the actual nutrition values for each product, including the fact that our menu items are handcrafted and may be customized, variations in serving sizes, preparation techniques, ingredient substitutions, product testing and sources of supply, as well as regional and seasonal differences. Accordingly, Panera cannot guarantee that the nutritional information provided on this Site or available in any bakery-cafe is completely accurate as it relates to the prepared menu items in every bakery-cafe.

In addition, testing of new recipes of existing products may be conducted from time to time in certain markets. These new recipes may contain different/additional ingredients, including allergens, as compared to the original version. Some bakery-cafes may serve menu items which are not listed on this Site. For the most up-to-date information on limited time offering menu items (including test items), please call or visit your nearest bakery-cafe to speak with a manager.

For nutritional information related to menu items made available in Canada, please visit your local Panera Bread bakery-cafe in Canada.
